Sheet Dimensions:

1200mm x 1200mm x 25mm or 50mm
1200mm x 2400mm x 25mm or 50mm

- ✓ No frame or facing needed
- ✓ Excellent acoustic performance
- ✓ Standard product - white
- ✓ 30 Fabric colours available (optional)
- ✓ May be printed on (optional)
- ✓ No moisture absorption
- ✓ Completely safe, non-allergenic, non-toxic
- ✓ Low installation cost
- ✓ Service life: Indefinite

Fabric coated option

Latest in Reverberation Control Design

Quietspace® 25 & 50 are ideal for wall and ceiling applications and are available surface finished with Vertiface fabric, or utilising the latest print technology, any image, colour, design or artwork can be printed onto the panels.

When applied correctly Quietspace® 25 & 50 can reduce the overall noise by up to 10-12 dB. This represents a reduction in noise levels of 50%+!

Quietspace® 25 is 25mm thick and lightweight (at 2.3Kg/m²), Quietspace® 50 is 50mm (at 3.8Kg/m²) and makes the hanging of baffles from the roof/ceiling structure safe as it is below the Roof Safe Load (RSL) limit.

Quietspace® 25 & 50 are non-toxic, non-allergenic and have a surface skin to prevent the migration of fibres, even in high airflows.

Quietspace® 25 & 50 are faced with high density 100% polyester with up to 60% recycled fibres, providing excellent sound absorption for medium to high frequencies.
