

Quietspace® 6 & 12

Quietspace® 6 & 12 have been designed to reduce and control sound reverberation noise (echo) for inside buildings. Particularly ideal for workstations and office environments

Sheet Dimensions:
1200mm x 1200mm x 6mm or 12mm
1200mm x 2400mm x 6mm or 12mm

Fabric coated option

- ✓ No frame or facing needed
- ✓ Standard product – white
- ✓ 14 Fabric colours available (optional)
- ✓ May be printed on (optional)
- ✓ No moisture absorption
- ✓ Completely safe – non-allergenic, non-toxic
- ✓ Low installation cost
- ✓ Service life: Indefinite

The Latest in Reverberation Control Design

The use of Quietspace® 6 & 12 in typical features of offices, workstations and halls can reduce the overall noise by up to 10-12 dB. This represents a reduction in noise levels of about 50%!

Quietspace® 12 is lightweight (at 2Kg/m²).

Quietspace® 6 & 12 are non-toxic, non-allergenic and have a surface skin to prevent the migration of fibres, even in high airflows. They are not affected by moisture or mould.

Quietspace® 6 is 6mm and 12 is 12 mm thick high density polyester at 200Kg/m³, providing excellent sound absorption for medium to high frequencies.

Maintenance and care is easy. Blot spills from fabric quickly and wipe with a damp cloth. For Custom printed artwork, images or design workstations, call one of Acoustica's representatives for further advice.

Quietspace® is ideal for acoustic and pinboard surface for modular office partitioning. When framed it could be used as privacy and noise control room dividers or display panels.

Functional and decorative acoustic wall covering for commercial interiors, retail and educational applications.
